7.15PM PUBLIC PARTICIPATION SESSION

Angela Warwick from Situ8 Planning Consultancy provided Members with an update regarding the application that she has been working on for the housing development on the land off Trevassack/Viaduct Hill. She explained that the delay in submitting the application had been partially as a result of feedback from some of the consultees and consequently some amendments had to be made. Historic England was not in favour of the height of the 3 storey block of flats and so now Ms Warwick was looking at changing the layout to include more houses and bungalows but it was envisaged that the overall number of dwellings would remain the same. Highways had expressed concerns so new proposals to ease traffic movement would be introduced, including some one way sections. It was intended that the scheme will also provide footpaths along the main road, from the Football Club leading along to Highlanes.

The cost of these amended works would be in the region of £380,000. She went on to explain that the second issue was that Cornwall Council also wanted a contribution of £350,000 for improvements to Highways. She explained that she felt this contribution was unjust arguing that the development was already providing enough in terms of community benefit, in her opinion. She was currently in negotiations with Cornwall Council about this matter and wanted to bring the matter to some sort of resolution at the earliest opportunity in order to submit the planning application. Ms Warwick explained that unless the contribution was waived she feared that the developers may have to revisit the number of affordable homes the development could deliver.

[7.25p.m. Councillor Capper joined the meeting.]

Councillor Coombe, in his capacity as local Cornwall Council Ward Member, undertook to broker a meeting with representatives of Situ8 and the planning officers.

Mr Paul Pellegrinetti expressed frustration that the Christmas lighting displays were still up and on full view despite it being June. He thought it showed the town in a poor light and asked if something could be done. It was explained that the Council, whilst supportive, has no direct role to play in Christmas Lighting Displays. Councillor Farrar explained that he is a member of the small Hayle Decorative Lighting Committee volunteers and unfortunately due to his ill

health, many of the displays remained in situ. Mr Pellegrinetti was assured that the matter would be addressed shortly.

29 HAYLE NEIGHBOURHOOD PLAN UPDATE

Councillor Bennett, Chair of Hayle Neighbourhood Plan Steering Committee, had produced and circulated a budget for the plan and a project overview. See Appendix B.

It was NOTED that there had been some slippage in terms of the original proposed timescale and it was largely attributed to the consultation phases taking longer than anticipated.

The Neighbourhood Plan budget was NOTED with Members agreeing that this was arguably the most important thing that the Council will ever do in terms of protecting the town and therefore was/is money well spent.

30 CONSULTATION: TO DISCUSS AND COMMENT UPON CORNWALL COUNCIL'S DRAFT UPDATED LOCAL VALIDATION LIST (PLANNING)

It was resolved to respond explaining that Hayle Town Council supports the document but would like the following to be included:-

1. Proposals that impact heritage assets, or their setting, shall only be accepted where the heritage has been assessed and understood using methods of best practice (we would expect to see a methodology such as ICOMOS Heritage Assessment Guidance and EH guidance on Setting "History in Review") and where local people have been proportionately involved in the assessment process.
2. An impact study that looks at the percentage of extant planning permissions relating particularly to the existing levels of affordable housing is undertaken and the findings taken into account to ensure that the local 40% requirement is met.

31 PLANNING MATTERS
