

Hayle Neighbourhood Plan

Have your say

We need views
from **everyone**:
residents, businesses
AND visitors.

*More houses? More shops? More jobs?
More car parking? A safer environment?
Renewable energy? Recreational facilities?
Play areas? Covered swimming pool?*

**What do YOU want Hayle to be like
in the future?**

You live in, or enjoy visiting, Hayle . . .
How do YOU want it to develop?
It's time for YOU to give YOUR views . . .

What are neighbourhood plans?

In its Localism Bill, the government has given local communities more power to influence the future of the places they live in through neighbourhood plans.

Neighbourhood plans establish a vision for an area as well as general planning policies for the development and use of land in its area. They are about local rather than strategic issues. For example, it can cover where new shops, offices or homes will go and what green spaces will be protected.

Neighbourhood plans are focused on guiding development rather than stopping it. They must also comply with with national policy and Cornwall Council's local plan. When adopted, it will become a statutory plan and must be used in making decisions on planning applications.

So, can we put *anything* into a neighbourhood plan?

Almost anything that relates to land use and needs planning permission can go into a neighbourhood plan. But we can only exercise control over those things that the law allows. So, we can control changes from a clothes shop to a chip shop but not from an independent shop to a national chain store.

Certain rules and processes must be followed, but, within reason, we will have the freedom to do what we want.

Who decides?

You! Throughout the whole process you can attend meetings, make suggestions, join our web forums or Facebook conversations and, finally . . .

The plan must be approved by a referendum.
