## Walk to raise funds for Children's Hospice South West

For more than 25 years Children's Hospice South West has been caring for children with life-threatening conditions by providing children's hospice and professional family support services.

We are dedicated to making the most of short and precious lives through the provision of the best possible hospice care for children and young people with life-limiting conditions. The care offered at each of our 3 hospices is not just about medical and nursing support for sick children but enriching the lives of the children and their whole family.

We provide care and support services to families living in the South West, who have children with life-limiting conditions. We provide specialist palliative care, respite for the whole family, a sibling service for brother and sisters, emergency support, end of life care and a bereavement service for as long as is needed. We welcome referrals from anyone.

Thank you for your support
