Dear Sir/Madam

## Infra22-295 Viaduct Hill, Hayle – S278 TRO

Cormac Solutions Ltd on behalf of Cornwall Council is inviting comments on a proposal to introduce 'No waiting at any time' restrictions in Hayle in order to prevent parking from taking place along Chapel Lane, opposite the pseudo-footway layout in the vicinity of the Trevassack railway arch.

This proposal has been brought forward following a Road Safety Audit which identified the potential for conflict between traffic and pedestrians, due to the presence of parked vehicles in the section of road below the railway arch, which forces traffic onto the pseudo-footway.

The Developer is funding this scheme as part of a Section 278 agreement (Highways Act 1980) it has entered into with Cornwall Council to deliver infrastructure improvements on the highway network.

It is intended that these proposals will facilitate the free flow of traffic on the road concerned; improve road safety for all road users; facilitate and safeguard the passage of pedestrians on the pseudo-footway; and preserve or improve the amenities of the area through which the road runs.

If you have any comments to make on the proposals, I would be grateful to receive them no later than:
